

EUNSAT 2025 + BGE

5th European Conference on Unsaturated Soils

1 to 3 September 2025, Instituto Superior Técnico, Lisbon, Portugal

SUMMER COURSE

Biotechnology in Geotechnical Engineering (BGE)

A summer course on BGE topics is predicted in the morning of 2nd September, mainly targeting PhD and MSc students, for a minimum of 10 participants.

The preliminary program includes numerical modelling of bio-hydro-mechanical coupled phenomena, soil suction measurements, plants and roots growth, biological details on bacterial growth and survival, or similar topics. A more detailed program will be available in the conference web page <https://eunsat2025.tecnico.ulisboa.pt> by the end of March 2025.
